

May We Walk in Beauty

*based on the words of a
Navajo prayer*

David E. Poole

May we walk in beau - ty be - fore us, — May we walk in beau - ty be - hind, May we
walk in beau - ty be - neath us, — May we walk in beau - ty a - bove.
May we walk in beau - ty ev - ery - where and all a - round. —

Can be sung as a 2- or 3-part canon at 2 measure intervals; it is suggested that the starting group allow those that follow (whether 1 group or 2) to finish the entire chant before repeating, which allows for an echo effect

Optional drone (chanted drum-like):

Walk in beau-ty, walk in beau-ty, walk in beau-ty. Walk in beau-ty, walk in beau-ty, walk in beau-ty,
